

Three days seminar for veterinary surgeons:

Goldimplantations in Chronic Pain

September 9, 10 and 11 – 2016

Dr. Markus Kasper DVM CVA, Austria

Dears colleagues,

Goldimplantation is a symptomatic pain therapy. It is a long acting, highly pain reducing or pain-relieving, minimal invasive method for dogs and cats without side effects. The amazing successes are based on a very specific and outstanding diagnostic procedure, which leads us to the necessary x-rays, implantation strategy and prognosis. We built up this procedure in a 10 years period parallel to the expansion of Goldimplantation to other joints than hip joints. Now we treat with a high success rate chronic pain (also in advanced and critical phase) in: hips, lumbar spine, stifles, elbows, shoulders, carpus, tarsus, toe joints (metacarpophalangeal). In 3 days we can give you more than just an impression.

We will work hard on indications, diagnose (gait analysis, palpation, x-ray), implantation procedure in theory and practice so you can perform successful on your patients with a minimum of instruments. Dr. Zohmann (Vierbeiner-Reha-Zentrum Bad Wildungen) and me founded the Goldimplantation by Viennese School, based on orthopedic circumstances. All the points are orthopedic-related and supported by acupuncture points.

We teach GI now for about 10 years and we have a summarized GI-experience of a patient population beyond 6000 dogs and some hundreds of cats. You should be a vet but you don't have to be acupuncturist. All the points we need are anatomically described and easy to find.

Hope to see you in our course – I can promise you an exciting weekend.

Markus Kasper

Targetgroup

Veterinary surgeons.

When and where?

This seminar will be held on Friday the 9th till Sunday the 11th of September 2016. Friday and Saturday 09:00-17:00, Sunday 09.00-16.00. Seminar venue: EduPet Center, Accustraat 3-5, 3903 LX Veenendaal, The Netherlands.

Contact

Pauline Westerhuis (EduPet): +31 (0) 6 23 52 97 98; info@edupet.nl

EduPet Education, EduPet Center, Accustraat 3-5, 3903 LX Veenendaal, The Netherlands

Seminar fee

Before July 1st. € 845 incl. 21% VAT, **after** July 1st € 925 incl.21% VAT.

This includes coffee, tea, lunches and readings.

Accreditation

Collectief Praktiserende Dierenartsen (CPD) according the guidelines of the Federation of Veterinarians of Europe (FVE). CPD credits: **in application**
